No person shall have a pet of any description on the beach or boardwalk at any time. However, the prohibition against pets on the beach shall not include dogs, or other domestic animals, during the period from October 1 through May 1. Any dog or other domestic animal on the beach during the period from October 1 through May 1 must be accompanied by, and be under the control of, the animal's owner or other responsible adult. "Under control" shall include having the animal on a leash as required by Ordinance 93-8. Entry to the beach may not be across the boardwalk and must be made only through the street level beach entrances located adjacent to the Shark River Inlet and adjacent to the area known as the East End Beach. All pets, including dogs and domestic animals, are prohibited from being on the boardwalk.

§ 93-10. Nuisances by dogs.

No person owning, harboring, keeping or in charge of any dog shall cause, suffer or allow such dog to soil, defile, defecate on or commit any nuisance on any common thoroughfare, sidewalk, passageway, bypath, play area, park or any place where people congregate or walk or upon any public property whatsoever, or upon any private property without the permission of the owner of said property. The restriction in this section shall not apply to that portion of the street lying between the curblines, which shall be used to curb such dog under the following conditions:

- A. The person who so curbs such dog shall immediately remove all feces deposited by such dog by any sanitary method approved by the local health authority.
- B. The feces removed from the aforementioned designated area shall be disposed of by the person owning, harboring, keeping or in charge of any dog curbed in accordance with the provisions of this Article, in a sanitary manner approved by the local health authority.
