For those residents that have access to a lane, put your trash there. For those of you who are "walk-ins," do not put your trash out any earlier than 24 hours.

BULK ITEMS: Bulk is collected along with your trash. Metal is collected separately. Please call ahead **before** you put bulk out, if you will have more than just a few items. Do not bring trash or bulk items to the Borough yard! It will be picked up curbside or lane.

The following items can all be mixed together in a single container for recycling: tin cans, aluminum cans, glass bottles, plastic household containers, newspaper, cardboard, office paper, envelopes, computer paper, chip board (i.e. cereal type boxes), junk mail. Your recyclables must be out in the lane, or curb if you do not have access to a lane, in properly marked containers where they are easily seen **SEPARATE FROM TRASH CANS**. Mark your containers with an "R" or "Recycling" and pull them out to the edge of the street so they are easily identified as recyclables. Please remove lids on collection day. Put your recyclables out the night before - the men start early in the morning. Please remember that **GLASS MEANS BOTTLES ONLY**. It does not include drinking glasses, dishes, plate glass, windows, light bulbs, etc. These items belong in the garbage.

AVON BY THE SEA POLICE DEPARTMENT

**Terence P. Mahon, Chief of Police
(732) 502-4500, Fax (732) 775-8618**

Summer will be here before we know it. With that in mind, please be advised that the town enacted a new ordinance for the beachfront operation which went into effect during August of 2015. This ordinance prohibits tents & canopies as well as equipment for heating food on the beach. It also prohibits all types of tables as well as the use of warming or serving trays along the beachfront. A number of other concerns have been discussed at town meetings which may result in other ordinance changes in the near future. As of this writing, no other new ordinances have been adopted.

Last summer we had a large number of visitors to the Borough. As a result of this increase in beach patrons, we plan a larger police presence in this area. This summer, we are assigning more Special Officers to the beach area as well as some of our regular officers and we will be aggressively enforcing these "Quality of Life" ordinances.

Our dispatching is still being done by the Monmouth County Sheriff's Department. When you call our phone number, a communications officer will answer as they did when they were housed in Avon. They will handle your calls as we always have. If you walk to police headquarters to speak to an officer, you must use the call box located under the entrance canopy at the entrance to the police department. This is located on the North side of the building. The Communications Officer will answer and provide you with the information you seek, and/or have an officer respond to police headquarters to speak with you.

The town uses a reverse calling system to broadcast pertinent information to the public quickly. The system will call house and cell phones, as well as email you. All you need to do is go to the website and set it up. When you get to the link, you will be walked through the process, step by step. You can be placed on the Reverse 911 calling list by going on the internet to the following web site: <https://shoreareaens.onthealert.com/Account/LogIn>

If you are going to be away from your residence for more than a day or two, and want us to check on your residence, please let us know. You can go to our website www.avonpd.org and fill out the house check form, or you may stop in and fill out the paperwork at police headquarters.

We are also on Facebook and Twitter. Like us on Facebook and follow us @AvonbySeaPD on twitter.

Most of the information provided below is on the www.avonpd.org website or the <http://www.avonbytheseanji.com> website. I have highlighted a few areas of inquiry that are frequently asked during the year.

1. **Borough Ordinance 64-12:** Dogs are not permitted on the boardwalk at any time. They are permitted on the beach between October 1st and May 1st.
 - a. Dogs must be kept on a leash at all times, both on streets & beach.
 - b. You must pick up all feces left by dog, both on streets & beach.

2. **Title 39:** Speed Limits:
 - a. All Avenues in Borough, the Speed Limit is 25 MPH unless otherwise posted.
 - b. All Lanes in Borough, Roosevelt Ave, & McKinley Place, the Speed Limit is 10 MPH.
 - c. Ocean Avenue is 25 MPH from May through October.
 - d. Main Street is 30 MPH.

3. **Borough Ordinance 161-30** prohibits parking in any lane in the Borough.

4. **Bicycles, Skateboards, & Rollerblades:** State Law requires anyone under the age of 17 to wear a helmet while riding any of these.

5. **Borough Ordinance 123-4:** Construction may occur between the hours of 8 AM through 5 PM on Monday through Saturday.
 - a. There is no construction permitted on **Sundays**.
 - b. **Construction** is **not permitted** on Memorial Day, Independence Day, or Labor Day.
 - c. **Lawn Maintenance:** The operation of a power mower or any other garden power tool is prohibited on:
 1. Sunday before the hour of 12:00 noon and after the hour of 5:00 p.m. Use of power mowers and power tools by contractors or persons other than the owner or occupant of resident property on Sunday is prohibited.
 2. Monday through Saturday before 8:00 a.m. and after 8:00 p.m.

6. **Borough Ordinance 161-10:** The Parallel Parking places in the first two blocks from the Beachfront will change back to **Diagonal Parking on May 1st**.

We ask that you secure all items such as bicycles, power tools, surfboards, etc... as these items become an easy target for a would-be thief. If these items are stored properly, the chances of them being stolen are greatly diminished.

Please feel free to stop up at police headquarters, or if you can't, please don't hesitate to call us at (732) 502-4500 if you have any questions or concerns. You may also check out our webpage at www.avonpd.org. Each officer has an email link on the web page, so you may contact the officers via email as well.

It is imperative that you report any suspicious activity to the police department as it is occurring. Calling us at a later date or time lessens our ability to resolve the problem. If you see something that seems suspicious, contact us immediately. We would rather you call and we investigate to learn that everything is in order, rather than you not call and we find out later that a crime has occurred.

Please be advised that all owners or landlords who rent or lease any apartment, cottage, rooms or single family homes, not registered as a Rooming House or Hotel must obtain a Certificate of Occupancy and inspection prior to leasing or renting same. A Certificate of Occupancy is required for ALL winter, summer and year round rentals. All applications may be picked up at the Borough Municipal Building. Failure to obtain a Certificate of Occupancy is punishable by a \$1,250.00 fine and appearance in court. Any questions, please contact Tony Vecchio.

Almost any building, electrical or plumbing work, or anything coming under the fire code require permits. If you are not sure if you need a permit, please call the Borough Office **before** beginning any type of construction.

Other Information Concerning Construction permits:

1. The laws requiring new home builders to be registered and contractors in the various trades, such as plumbing and electrical work, to be licensed were adopted to protect homeowners and homebuyers. If you are signing this Certification to provide cover to an unlicensed homebuilder or contractor, you are forfeiting the protection afforded to you under the law. The contractor that you have hired may or may not be qualified. And if you encounter problems with this contractor, the government will not be able to help you because you signed the Certification indicating that you are performing the work yourself.

In the case of the construction of a new home, you are forfeiting your right to a new home warranty. Every new home builder in New Jersey is required to be registered with the State and to give a warranty to each purchaser. The warranty covers almost all defects in workmanship or materials, including appliances, for the first year; plumbing, mechanical (heating and air conditioning), and electrical systems for the first two years; and major structural defects for ten years. Further, the warranty will actually pay for the correction of defects if the builder fails or refuses to do so. By signing the Certification, you are giving up that protection.

2. You are violating the criminal laws of this State if you sign the Certification indicating that you are doing the work yourself when, in fact, you are paying someone else to do it.

Sump Pump Discharge

Borough Ordinance #136-21 prohibits connection to the local municipal sanitary sewer lines of any sump pump, roof leader, areaway drains, swimming pools, ornamental ponds, water-cooled refrigeration, air-conditioning units, fire sprinkler systems and any other similar connections. Sump pumps are required to discharge to the storm-water drain line located behind the curb or, if there is no drain present, through the curb to the street. Please check your connections to the sewer line. Contact the Borough if you need any information or guidance regarding the proper discharge of sump water and other drains.

AVON-BY-THE-SEA FIRST AID & SAFETY SQUAD

The Avon-by-the-Sea First Aid & Safety Squad is a private, non-profit organization that provides emergency medical and rescue services 24 hours a day, 7 days a week, for the Borough of Avon and neighboring communities when needed. The Squad answers more than 400 calls for emergency services each year. It has provided these services since 1931.

The Squad is staffed entirely by volunteer EMTs (Emergency Medical Technicians). All EMT training is provided at no cost to the volunteers. Volunteers are always needed and welcome. You must be at least 16 years of age to begin training as an EMT. If you would like to visit the Squad building and find out more about the Squad, you can call 732-502-4519.

We do not charge for any service we provide. The Squad relies upon your generous donations to help pay for our ambulances, fuel, vehicle maintenance, building utilities, first aid supplies, equipment, and training. Our major fund raisers are the annual "Avon 5K Run/Walk" in June and the Fund Drive mailing in July.

Your cooperation is appreciated in taking the following steps to help us assist you in an emergency.

- 1) Display house numbers in a well lit & visible location,
- 2) Keep a list of current medications, medical problems & physician's name handy,
- 3) Write down phone numbers, "in case of emergency", & post them by your phone.

You can request our assistance during an emergency by calling 911 or by calling the Avon-by-the-Sea Police Department at 732-502-4500.

AVON-BY-THE-SEA VOLUNTEER FIRE DEPARTMENT

The Avon-by-the-Sea Fire Department is an all volunteer non-profit organization serving our community for over 100 years. The entire department is "on call" 24/7. Members are required to have Firefighter 1 certification, which is provided free of charge to all members, and continually participate in regular training to maintain active firefighter status. As with most volunteer organizations, we are always looking for new members and welcome any person interested in joining. Watch for our annual fund drive letters in July, and toss a few coins at our coin tosses held on holiday weekends throughout the summer. We thank all Avon residents for their continued support and tax deductible donations.

SAFETY REMINDER

Change the batteries in your smoke and carbon monoxide detectors every year! Choose a day such as Daylight Savings so you are sure they all get changed annually. Carbon Monoxide detectors have a life of 5 – 7 years, after which they must be replaced; refer to your manufactures owners' manual for their recommendation. If your carbon monoxide detector or smoke detector sounds, leave the building immediately and call 911. DO NOT re-enter the building – Carbon Monoxide is colorless and odorless. **REMEMBER, Detectors Save Lives!**

FLOODS HAPPEN ANYTIME, ANYWHERE

Flood Hazard: Avon-By-The-Sea is subject to serious flooding conditions from the ocean and the Shark River during hurricanes and other high-tide storms. Detailed flood insurance maps showing the 100-year flood plain in which we are located are on file for your inspection at the Borough Office, 301 Main Street. An extensive collection of flood-related materials are available on loan from the library. In addition, many free publications may be obtained.

Flood Safety: The safety of your family is of the utmost importance! To be well informed about an approaching storm, keep a battery-powered radio tuned to a local station and follow all emergency instructions. **IF EVACUATION IS ORDERED, DO SO IMMEDIATELY; DON'T WAIT!** In the event of a storm warning or advisory, immediately bring outdoor furniture and other possessions inside or tie them down securely. Be sure you have a full tank of gasoline and stock the car with nonperishable canned goods, with a can opener, a container of water, a first aid kit and any special medication needed by the family. If time permits, turn off the main power switch and shut off the main gas valve.

Flood Insurance: Your homeowner’s insurance policy does **NOT** cover losses due to flooding. Avon-By-The-Sea has participated in the National Flood Insurance Program (NFIP) since its inception and flood insurance is available for almost any enclosed building and its contents. Maximum insurance on a one-family dwelling is \$250,000 and \$100,000 for household contents. Non-residential and business properties are also eligible for insurance up to \$500,000 for

building and contents. Flood insurance is mandatory if the building is subject to any federally guaranteed financing and reduced rates are available depending on your lowest floor elevation above mean sea level, plus a variety of deductible amounts. **We urge you to inquire about flood insurance coverage from your insurance agent. A waiting period of 30 days does apply.**

Property Protection: Since parts of Avon are in the Special Flood Hazard Zone, you should be aware that the question is not if we will have a flood, but when, how often and how deep. There are various techniques that can be used to mitigate flooding to existing structures and thereby reduce or eliminate the potential of future flood damage. If you are contemplating any construction, you must contact the Code Enforcement office to determine what special land use and building regulations are in effect to comply with federal flood standards. This information is available to anyone without cost.

Development Permits: All new construction and renovation projects are required to have local permits and depending on the type and location of a project, various state permits may be required also. Always check with local officials, a local engineer, or land surveyor, before purchasing property in Avon to determine what special regulations are in effect relating to the location in the Special Flood Hazard Zone.

Avon Flood Map Services: The first thing you should do is check your flood hazard. Flood protection references are available at the Avon Public Library. You can also visit the Office of Emergency Management or Building Department at Borough Hall to see if you are in a mapped floodplain. We check both the current and preliminary Flood Insurance Rate Map. If you are in either, we can give you more information, such as depth of flooding over a building's first floor, insurance coverages and past flood problems in the area. If requested, we will visit a property to review its flood problem and explain ways to stop flooding or prevent flood damage. Call the Office of Emergency Management or Building Department at 732-502-4510. This service is free. We also maintain copies of FEMA Elevation Certificate on all buildings constructed or substantially improved in the floodplain since 2012 available for viewing.

The Board of Commissioners and the employees of the Borough of Avon-By-The-Sea wish everyone a happy and safe summer!
